

Hello my name is Kevin Walding and I oversee a ministry called Rally for Jesus. We currently have a small outreach in Delmas a suburb of Port au Prince Haiti. We teach verse by verse through the scripture with a small group of about 50 who meet for church every Sunday and Wednesday. We are also training 2 young students 5 days a week to become pastors with Fednel Rousseau our pastor on staff. I teach as well along with Chuck Smith via videos that we have converted into their language.

The house we recently rented in Delmas functions as our church, bible school, a home for our staff as well as 4 orphaned children whose parents were killed by gangs. It is continually stocked with food, a large basin of water refilled with tanker trucks in order to support our needs as well as the poor who come there to be refreshed. Many of them are children who are constantly traumatized by gang violence. The following message was recently sent to me from Fednel Rosseau staff pastor along with videos and pictures. (Edited only for translation clarification)

Brother Kev as of Feb 19th the situation has changed and people are fleeing Port-au-Prince. More than 3,000 families fled their homes today without a place, many have already died in Port-au-Prince today, Wednesday, February 19th 2025. The gangs have already surrounded all of Port-au-Prince, Their objective is to take all the rest of the community in Delmas. Watch this video and you can see how the people at the top of the mountain are running. I am in the middle of the gangs. The gangs are on the top of the mountain and I'm down in the city. Their objective is to go down to the middle of the city of Delmas to make a massacre; they are actually in Canapevert and Carrefour Feuille. This video explains what is happening, all these people are running, they are running because the gang has

attacked them, many families have already died, their houses are burning, these people are running, they are running, they are taking the weedy road to leave Port-au-Prince. I want to remind you, my brother, the object of the gang is to reach where we are, please pray for God's protection. Seriously I'm saving everything that is important because at any moment we will have to run my brother. If you need more information, ask me. What is the plan? Should I go to Cap Haitian? The situation is urgent so that I can quickly find a house in the style that we need. I don't believe that others can do this for us and I can pay the yearly rent of a new house for us and those there that will meet us for fellowship at the church. We can't find buses on the road because the buses do not arrive in Port-au-Prince. They are packed on the road because Port-au-Prince is not good. Please pray and tell me what we should do! End message Fednel.

Due to the escalating situation, seeking the Lord in prayer and receiving godly council we have decided to immediately relocate our Rally for Jesus staff pastor, his wife and children, students and 4 orphans. Rally for Jesus will move and minister in another area in Haiti called Cap Haitian. The Scriptures tell us in Matt 10:23 But when they persecute you in this city, flee ye into another:... Our ministry has served the poorest of the poor areas in Haiti providing food, clean water, clothing and most importantly the rightly divided teaching of God's word. Our plan is to leave our current Rally for Jesus property in Delmas Port-au-Prince with our security guard in place at least until November of 2025 when our lease expires. The people who attended our Rally for Jesus fellowship can still take refuge there if need be. The building is surrounded by a wall and secure gate but more importantly the Lord's protection. Please continue to pray for the church in Haiti and for Rally for Jesus ministries not only in Haiti but the Philippines as well as the United States. So exciting to be led by the Holy Spirit and know our help comes from the Lord maker of heaven and earth. He is our true source of continued refuge.

We have posted our ministry updates at <https://www.facebook.com/RallyForJesus/> and rallyforjesus.com along with the recent video of this situation. Thanks for your prayers and support as we gather fruit unto eternal life together.

Sincerely, In Christ, Kevin Walding
